X-XMLCopyEditor Activator Free

X-XMLCopyEditor is a portable version of the Open Source XML Copy Editor. X-XMLCopyEditor provides a fast, easy to use interface and comes with support for all the features of the original XML Copy Editor, including XSLT 2.0, XPath, pretty-printing, syntax highlighting, folding and tag completion. In addition, X-XMLCopyEditor adds the new features of the underlying C++ source code, as well as the ability to perform lossless import / export of Microsoft Word documents. X-XMLCopyEditor is developed as a Free and Open Source Software project. X-XMLCopyEditor is currently built using Qt 4.3. X-XMLCopyEditor Features: * tag completion * DTD/XML Schema/RELAX NG validation * XSLT / XPath * simple file import/export * Unicode support * DTP support for style sheets and images * support for XML markup lists * complete custom text engine (CTE) * presentation of list of errors / warnings * validation of XML and XHTML documents * convenience for users who want to perform UNIX "tr" command on a source file (for internal cleaning) * presets for Visual Studio / VIM and Eclipse IDEs * command-line tool using Windows' PSAPI interface (thanks to Vadim Kornilov) * support for PNG, GIF and JPEG format images * internationalization support * unique, modular design, so that other editors can be built upon it (i.e. with support for different languages and DTP for style sheets, etc...) * many custom features (for example, XML validation, tags completion, folding and tag completion, etc...) You can contact the author via the link in the license section. You can also download the latest version or the source code. There are no open bugs or suggestions. Any help will be welcome. X-XMLCopyEditor GPL License X-XMLCopyEditor is licensed under GPL 3.0 License. (GPL is an open-source license, mostly used by GNU software, such as Linux). This means that it is permitted to use, modify and redistribute the source code of X-XMLCopyEditor without limitation, but there is one restriction: you must also provide the original license text for the included files, no matter which language the
